Planning for transitions

UAT as a transitional phase

UAT as an event and UAT as a process

Module 6. PREPARING FOR UAT - PLANNING

Deciding what we want to achieve

Acceptance criteria

UAT objectives

Entry criteria

Defining the testing we will need

Creating a test basis for UAT

Setting up the test management controls

Technology Innovation Centre (UTECH), 237 Old Hope Road, Kingston 6, Jamaica W.I. Tel: 876-970-5545, Fax: 927-1925, Email: info@vantagepointitc.com Website: www.vantagepointitc.com Notes we with the world with

Module 7. TEST DESIGN FOR UAT

The hierarchy of test design

Identifying test conditions

Designing test cases

Designing test scripts

Data creation

Module 8. IMPLEMENTING THE TESTS

The testing schedule

Implementing the test schedule

Identifying progress

The status report

The post-testing summary

Module 9. EVALUATING THE SYSTEM

How do we decide whether or not to accept a system?

When the testing has to stop

The risk of release

Measuring the risk of release

Defining and evaluating emergency-release criteria

Decision process for evaluating UAT results

Test summary report conclusions

The final release decision

Technology Innovation Centre (UTECH), 237 Old Hope Road, Kingston 6, Jamaica W.I. Tel: 876-970-5545, Fax: 927-1925, Email: info@vantagepointitc.com Website: www.vantagepointitc.com

Module 10. LIFE AFTER UAT

Post-UAT reporting

End-user training

Preparing a roll-out strategy

Implementation

Post-implementation defect corrections

Measuring business benefits

The end of UAT?
